

Block family

Educators agree that modular blocks teach mathematical ideas of length, fractions, volume, weight, and geometry. They also support children's knowledge and understanding of the world as they experiment with concepts like design, balance, spanning and building.

Mathematically modular

The length of each unit is exactly twice the width, which is exactly twice the thickness. This modularity allows children to build stable structures combining all the sets.

Hollow blocks

Block dimensions

Mini unit blocks

17.5 mm x 35 mm x 70 mm

Unit blocks p49

35 mm x 70 mm x 140 mm

Mini hollow blocks p50

70 mm x 140 mm x 280 mm

Hollow blocks p50

140 mm x 280 mm x 560 mm

Mini unit blocks

Delightful for a toddler's small hands.

For ages 1 to 80

Single set G481

91 blocks in 17 shapes.

Double set G482

182 blocks in 17 shapes.

Accessories

Don't worry about clean up. Simply dump your blocks into our deep tote.

Deep tote F890

15 cm high, base 23 cm x 28.5 cm.

Comes in clear, neutral, red, blue, and green.

Specify colour.
