

Nursery gyms

All nursery gyms are assembled with modular parts and a tool-free connector system. Choose the kit that meets your needs and set it up to fit your room. Carpeted platforms, safety railings, and removable gates create a safe environment for active play.

For ages 9 to 36 months. Use only under direct adult supervision.

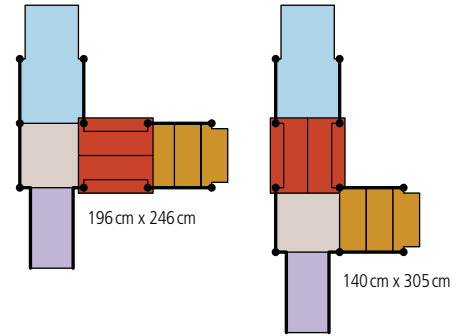

These compact nursery gyms offer age-appropriate physical challenges, such as stairs, slides, and inclined ramps.

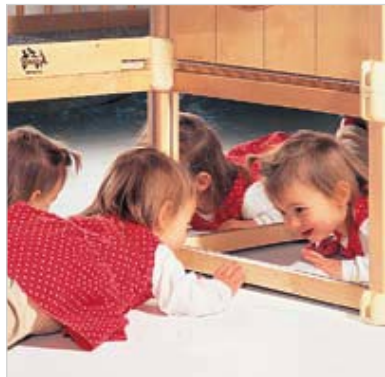

Nursery gym 3 G730
Specify tunnel colour, red or tan.

Our post-and-ring connector system is childproof and tool-free!

Removable gates let you close the whole gym or just the slide.

Mirrors intrigue young children and encourage visual games such as peek-a-boo.

Red Nursery gym tunnel G752
Tan Nursery gym tunnel G753
50 cm x 62 cm
The tunnel can also be used on the floor with or without the nursery gym.
